# Educator & Family Outreach

## QUESTIONS TO CONSIDER

- What are your goals? How many educators going on visits? How many home visits total?
- What is your plan for reaching these goals?
- What is the preferred method of communication for educators? Parents?
- What language barriers exist and how do you plan to overcome them?
- Who will help me with recruitment and outreach?
- Who needs to be a part of crafting/adapting resources and promotional materials?
- What were frequent questions/comments that arising from the training session?
- What follow-up support will be necessary to encourage educators to start their home visiting practice?
- Will your community embrace the 5 core practices? What practices will be the hardest to get buy-in? How will you overcome this resistance?
- How will you communicate the differences between PTHV and other home visit practices? Why is this important?
